FLOOD PLAIN DEVELOPMENT PERMIT/APPLICATION
CHICKASAW COUNTY LAND USE DEPARTMENT
8 EAST PROSPECT, PO BOX 94
NEW HAMPTON, IA 50659
641-394-2813

Source of Base Flood Elevation Data if not available on FIRM

Engineering Firm: _____

Address: _____

Registration #: _____

Conditions:

1. All information must be provided prior to the issuance of a permit to develop and that the proposed development/construction will result in NO increase in the base flood 100 year elevation.
2. This permit is issued with the condition that the lowest level floor (Including basement floor) and any new of substantially improved residential building will be elevated above the base flood elevation.
3. If the proposed development/construction is a nonresidential building, this permit is issued with the condition that the lowest level floor (including basement floor) of a new or substantially improved nonresidential building/structure will be elevated or floodproofed above the base elevation.
4. This permit is issued with the condition that the developer/owner will provide certification by a registered engineer, architect, or land surveyor of the "AS BUILT" lowest floor (including basement floor) elevation of any new or substantially improved building/structure covered by this permit.
