**Forest Reserve**

A forest must not occupy less than two acres with 200 trees on each acre.

**Fruit Tree Reserve**

Fruit trees must occupy at least one acre and not more than 10 acres with at least 40 apple or 70 other fruit trees per acre.

\_\_\_\_\_ Number of acres that the reserve occupies (attach an aerial photograph, if available).

Are any buildings on the area selected as reserve?      Yes       No

**Requirements**

Application must be filed by February 1 of the exemption year. No further filing is required as long as the property is maintained as a reservation. Livestock is not permitted upon the reserve, and the reserve cannot be used for economic gain other than the gain from raising fruit or forest trees. Property which has been exempt as a Forest or Fruit Tree Reservation may be subject to a recapture tax if the property ceases to qualify within five years after the last year that the exemption was granted. The application can only be accepted if it meets the criteria established by the Natural Resource Commission.

I declare that to the best of my knowledge and belief the information provided on this claim is true, correct and complete and meets the criteria established by the Iowa Code Chapter 427C.
